Mental Health Compass is a non-profit tool dedicated to helping individuals and their families in the mental health and social services, reach better outcomes sooner.

Mental Health Compass provides easy to read information, and live links to community organisations, reliable websites, legislation and helplines.

The tool is also designed to assist service providers to gain further knowledge about services that may help support their clients.

Please contact us if you are interested in becoming a contributing partner to Mental Health Compass with naming and logos on the front page.

Please contact Tamara Stillwell, Compass Project Manager at Ermha on 1300 376 421
